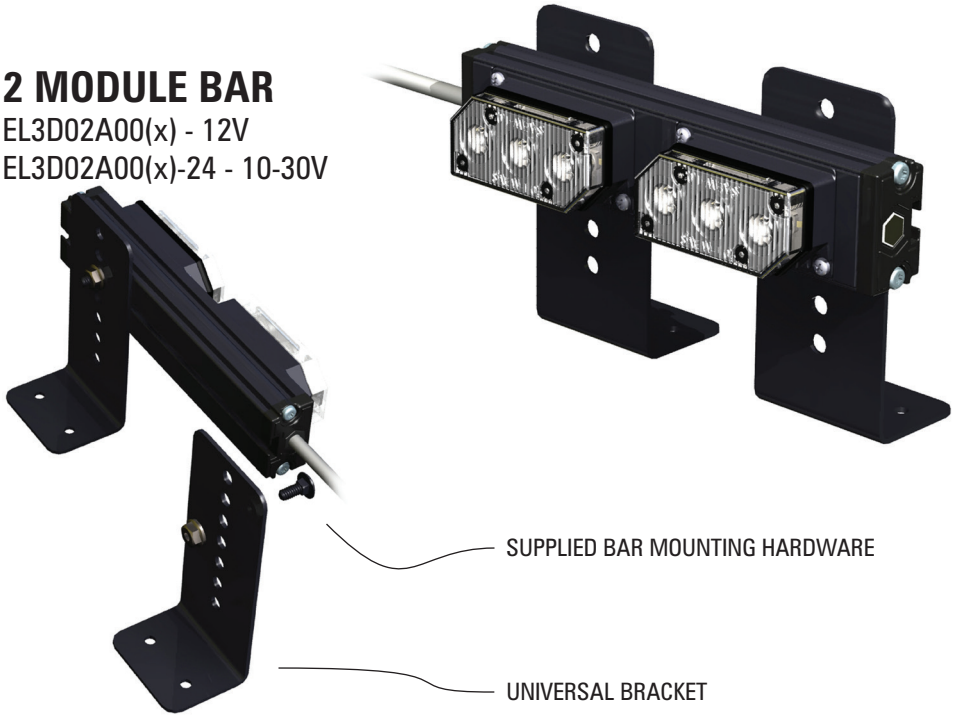
UltraLITE

Exterior Warning Bar

2 MODULE BAR

EL3D02A00(x) - 12V
EL3D02A00(x)-24 - 10-30V



Please see reverse for Technical Specifications

Important Information:

• Warning devices are strictly regulated and governed by Federal, State and Municipal ordinances. These devices shall be used ONLY on approved vehicles. It is the sole responsibility of the user of these devices to ensure compliance.

• DO NOT install this product or route any wires in the Air Bag Deployment Zone. Refer to your vehicle Owner's Manual for the location of any air bag deployment zones.

• DO NOT connect this device to a strobe power supply. This product is self-contained and does not require an external power supply.

INSTALLATION:

Before starting the installation make certain you have the correct bracket for your application. A universal Deck/Dash mount bracket is supplied. For other mounting brackets, see product literature or visit our website.

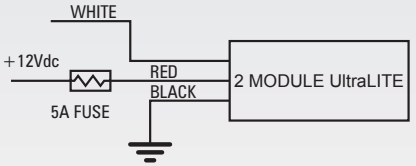
Install the UltraLITE by following the assembly instructions provided with the brackets and check for security.

Important: DO NOT over tighten mounting screws or nuts. This could cause permanent damage to the light or bracket. Use appropriate hardware for mounting.

Universal bracket shown is supplied but mounting screws are customer supplied.

OPERATION:

1. Connect black wire to ground.
2. Connect red wire to +12Vdc through 5A fuse.
3. Apply +12Vdc to white wire for less than one second (momentary) to move forward one pattern.
4. Apply +12Vdc to white wire for one second (until the lights dim) to move to the first pattern.
5. Apply +12Vdc to white wire for more than two seconds (until the lights turn off) to turn off the UltraLITE.
6. To turn the unit back on, apply +12Vdc to the white wire momentarily.



⚠ WARNING

This product contains high intensity LED devices. To prevent eye damage, DO NOT stare into the light beam at close range.
