

## ALTERNATING SOLID STATE FLASHER FOR DECK / GRILLE LIGHTS (ETDGSS)

Congratulations! You are now the proud owner of the most technically advanced 100% Solid State Alternating Deck / Grille Light Flasher System in the market today. Add to it our never ending commitment to quality, this new Flasher System will provide you with years of dependable trouble free service.

A properly installed flasher will alternate a set of lights at a constant flash rate of 2.4 flashes per second.

### INSTALLATION

**MOUNTING:** Mount the flasher in a convenient location.

**GREEN WIRE:** Connect to a convenient reliable ground.

#### NOTE

Always connect the green wire to ground **FIRST** when installing and disconnect **LAST** when removing!

**BLUE AND YELLOW WIRES:** Connect the blue wire to the positive lead of one deck or grille light. Connect the yellow wire to the positive lead of the other deck or grille light.

**WHITE WIRE:** Connect to a powered switch. Connect the switch through a 10 amp fuse directly to the positive post of the battery or other high current power source. We recommend the use of a fuse **ONLY** - **DO NOT CONNECT THE FLASHER SYSTEM TO A CIRCUIT BREAKER OR FUSIBLE LINK.**

#### NOTE

Verify that the lights used are properly grounded. **DO NOT** rely on the mounting bolt alone for the ground connection.

#### WARNING

Welding on **ANY** vehicle creates voltage spikes that may destroy this flasher system and void its warranty. Disconnect **ALL** connections before welding on the vehicle or frame or wait to install the flasher until welding is completed.

### WARRANTY

SoundOff Signal warrants the ETGSS Solid State Electronic Flasher System for five (5) years from the date of purchase to the original purchaser against any manufactured defects or workmanship. This warranty applies only to units installed according to manufacturer's installation instructions and operated within the units specifications.

SoundOff Signal's obligation under this warranty is limited to repairing or exchanging the unit. Exchanging units under this warranty is as follows: 100% of purchase price for the first 2 years, 75% of purchase price the 3rd year, 50% of purchase price the 4th year and 25% of purchase price the 5th year.

Warranty is void if the unit was installed incorrectly or maliciously damaged.

All warranty claims must be accompanied by a dated proof of purchase.

SoundOff Signal retains the right to be the sole mediator of what constitutes defects in performance or manufacturing.

Covered under U.S. Patents #4114071 and #4309639.
