

# 2017 CHEVROLET TAHOE SPEAKER BRACKET

ETSS100NBKTH (for 2017-2020 model years only)

## INSTALLATION:

1. Front bumper cover assembly must be removed to install speaker bracket. Assembly should be removed as one piece and not individually. Consult a local Chevrolet service center for best disassembly method. Keep all hardware.
2. Assemble bracket:
  - If using one speaker, choose location and use support bracket. (See Figure 1.)
  - If using two speakers, support bracket is not used (See Figure 2.)

## ⚠ WARNING

*Please see next page for Technical Specifications*

- HIGH CURRENT interconnects must be properly terminated. Poor crimp quality can cause heat build-up and fire. Follow crimp connector manufacturer instructions.
- DO NOT install this product or route any wires in the Air Bag Deployment Zone. Refer to vehicle Owner's Manual for deployment zones.
- Do NOT use system to disconnect headlights, brake lights or other safety equipment.
- Unit may become hot to touch during normal operation.
- Failure to properly install connectors, fuses or wiring may cause vehicle failure or fire.
- Installation must only be performed by trained technician. Installer must determine vehicle wiring configuration and proper integration of system.
- Use proper wire gauge. All power wires connecting to positive (+) or negative (-) battery terminal or local chassis ground (-) must be sized to supply at least 125% of max. current and properly fused at power source.
- Install protective grommets when routing wire through firewall or metal.

## ⚠ WARNING

- Sirens produce loud sounds that may damage hearing
- | Roll up windows
- | Wear hearing protection
- | Use only for emergency response
- | Avoid exposure to siren sound outside of vehicle

## NOTICE:

Installers and users must comply with all applicable federal, state and local laws regarding use and installation of warning devices.

*Improper use or installation may void warranty coverage.*
